

Install guide for (2011-2014 Ford F-150 Remote Start & 2011-2016 Ford SuperDuty Remote Start)

Before you begin, make sure to checkout our install video. We spend a good amount of time getting these videos just right so that they will be a helpful guide.

Requirements

At least two keys that start your vehicle

[Proof of Ownership](#)

Key-less Entry

Hood Pin (Part # BC3Z-14018-A) preinstalled in the vehicle, most vehicles come pre-wired but not all come with the pin pre-installed. Make sure to check.

Part lists

- 2 New Remote Start Keys
- Remote Start Antenna
- Harness for Remote Start Antenna
- Genie Programmer (F-RST1)

Tools required for installation, socket sizes & whatnot.

- Pry Tools
- Light Source
- Philip Screwdriver
- T20 Torx Screwdriver
- 7mm Screwdriver

Skill Level: 2 Average

Time Investment: 1 hour

Step 1: Check if you have the Hood Pin preinstalled or only the wiring preinstalled.

To the right you'll see the Hood Pin in our example vehicle.

Step 2: Check if your TPMS is behind the glove box or above the driver sun visor, up in the cab head lining.

Step 3: Antenna Install (glove box)

Install Antenna behind glove box if the TPMS module is behind the glove box. Zip tie the antenna to the two mounting spots behind the glove box.

Step 4: Antenna Install (Roof Lining)

Pull down center lighting fixture.

Step 5: Remove two Philips screws

Using your Philips screwdriver, remove the two screws from behind the lighting fixture.

Step 6: Remove plastic lining from above center light fixture.

You'll have to remove the plastic lining above the lighting fixture and place it off to the side.

Step 7: Remove the three T20 Torx screws from sun visor and sun visor clip. You can disconnect the sun visor and place it off to the side so it isn't in your way.

Step 8: Remove A Pillar by squeezing the screw covers or using a pry tool. Then unscrew the two 7mm screws. The screws will not come out fully as a retainer holds them in the A pillar when placing it off to the side.

Step 9: Pull weather stripping down so you can pull down the head liner to gain access to the TPMS module.

Step 10: Mount the antenna on to the roof, behind the center lighting fixture you removed using the 3M tape to secure it in place.

Step 11: Run cable over to TPMS module and plug into the gray empty port on the module.

Step 12: Zip tie antenna cable to the factory cables for a fit and finish look.

Step 13: Reassemble the vehicle after install of the physical components are done.

Step 14: Program two new keys to the vehicle.

- I. Put the vehicle into the run position using your 1st original key, wait 3 seconds then remove key.
- II. Put the vehicle into the run position using your 2nd original key, wait 3 seconds then remove key.

III. Put the vehicle into the run position using one of the new keys. You'll hear the vehicle lock and unlock itself if done correctly.

-Now do the same thing to program the 2nd new key.

- I. Put the vehicle into the run position using your 1st original key, wait 3 seconds then remove key.
- II. Put the vehicle into the run position using your 2nd original key, wait 3 seconds then remove key.
- III. Put the vehicle into the run position using one of the new keys. You'll hear the vehicle lock and unlock itself if done correctly.

Step 15: Install the Security Gateway Module Bypass in the appropriate place. Then proceed with genie programming. This step is only needed for 2018+ vehicles. To find your vehicle's bypass location click the link: [OBD Genie Bypass](#)

Step 16: Use the genie to program the vehicle for remote start.

I. Put vehicle into the run position.

II. Wait 1 minute after putting the vehicle into run to plug in the genie programmer.

III. The genie once plugged in will flash blue as it tries to program.

IV. The genie will turn a solid green light once programming was completed successfully, programming can take 1-3 minutes long.

V. Remove the genie and give the vehicle a sleep cycle.

VI. Test out your new remote start by locking the doors then tapping the remote start button twice to start the engine.

VII. To stop the engine when using remote start, just press the remote start button on your new key once. This will turn off the engine.

Step 17: Enjoy your purchase and again thank you for choosing Infotainment.com for your upgrades.

Things To Know

The remote start system will not work if:

- The ignition is on
- The alarm system is triggered.
- You disable the feature.
- The hood is open.
- The transmission is not in park (P).
- The vehicle battery voltage is too low.
- The service engine soon light is on.

Return Policy/Warranty Terms

Infotainment.com 30-Day Return Policy:

Infotainment.com offers hassle free returns within 30 days from the date-of-delivery for a full refund unless otherwise stated on the product advertisement (such as a custom or special order item). The customer may choose to cancel their order prior to shipping or fulfillment without penalty. If the customer's order or package sustained physical damage it must be reported to Infotainment.com within 7 days of arrival. A 15% restock fee will apply to all returns unless the returned item(s) have been deemed defective by Infotainment.com after full inspection, in this case a restocking fee will not be assessed.

To initiate a return, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 30 days from the date-of-delivery. The representative will issue a Return Merchandise Authorization (RMA) number, which is required to process your return. A copy of a completed RMA form must be included with the return shipment to expedite the process. The return must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.

Customers are responsible for all return shipping charges unless they receive the wrong product or a defective item. It is recommended that the customer utilizes signature confirmation and/or insurance when shipping an item to Infotainment.com.

Infotainment.com will not be responsible for lost or damaged packages. Only the signature of an Infotainment.com employee will suffice as proof of delivery. A pre-paid return shipping label may be requested by the customer (located within the continental U.S) at the cost of \$15.00 to be deducted from the total refund amount. Customers located outside the United States will be responsible for all incurred shipping charges and customs duty/tax fees to or from Infotainment.com.

Returns will be processed within ten (10) business days of receipt (not including weekends, holidays, and the day the package is delivered). Refunds will be issued back to the original form of payment. If the original form of payment is no longer valid the refund will be issued as store credit. Infotainment.com reserves the right to reject or impose additional charges for replacement of a return if there is damage, missing

components, excessive use/wear, a different serial number from when originally shipped, etc. If the customer's return has not been processed within 3 weeks of arrival the customer is advised to contact the customer service department for an update. This return policy is null & void if product(s) have been tampered with or modified. Infotainment.com is not responsible for professional fees related to installation, removal or re-installation of any product. Infotainment.com reserves the right to change or amend the return policy and procedures at any time without notification.

Infotainment.com Retail 90-Day Warranty Policy:

Infotainment.com offers hassle free technical support and warranty claims on all products within 90 days from the date-of-delivery. Physical damage to an item received must be reported within 7 days of arrival.

To initiate a warranty claim, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 90 days from the date-of-delivery. The representative will assist the customer with technical support and step-by-step troubleshooting procedures to resolve any issue or concern. If it is determined that the product(s) must be sent back for repair or exchange the representative will issue a Return Merchandise Authorization (RMA) number, which is required to process the warranty claim. A copy of a completed RMA form must be included with the return shipment to expedite the process. The item(s) must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.

A pre-paid return shipping label will be issued by the customer service representative for customers located within the continental U.S. only. Customers located outside the U.S. will be responsible for all incurred shipping charges and customs duty/tax fees to or from Infotainment.com. Customers are fully responsible to ensure the item(s) are packaged securely to prevent damage in shipping transit. Infotainment.com will not be responsible for damaged item(s) due to poor packaging.

Warranty claims will be processed within five (5) business days of receipt (not including weekends, holidays, and the day the package is delivered). An Infotainment.com technician reserves the right to determine whether the troubled product requires a simple repair or a full replacement. Once the issue is resolved, a tracking number will be immediately provided to the customer when the repaired or replacement item is shipped

therefore ending the warranty claim. Infotainment.com reserves the right to reject or impose additional charges for warranty claims if there is damage, missing components, excessive use/wear, a different serial number from when originally shipped, etc. Infotainment.com will allow up to two (2) claims per order before it is determined the item(s) will not work in the customer's vehicle. If the customer's warranty claim has not been processed within 3 weeks of arrival the customer is advised to contact the customer service department for an update.

This warranty policy is null & void if product(s) have been tampered with or modified. Infotainment.com is not responsible for professional fees related to installation, removal or re-installation of any product. Infotainment.com reserves the right to change or amend the warranty policy and procedures at any time without notification.

Infotainment.com Extended 1-Year Warranty Policy:

Infotainment.com offers hassle free technical support and warranty claims on all products within 1 year from the date-of-delivery to retail customers who opt for the extended warranty coverage upon checkout. This policy also applies to all registered Infotainment.com wholesale accounts. Furthermore, franchise automobile dealers are granted additional coverage for their customers to match the vehicle's 3 year / 36,000 mile bumper-to-bumper manufacturer's warranty.

To initiate a warranty claim, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 1 year from the date-of-delivery. The representative will assist the customer with technical support and step-by-step troubleshooting procedures to resolve any issue or concern. If it is determined that the product(s) must be sent back for repair or exchange the representative will issue a Return Merchandise Authorization (RMA) number, which is required to process the warranty claim. A copy of a completed RMA form must be included with the return shipment to expedite the process. The item(s) must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.
