

**Install guide for (2019-2023 Ram Heavy Duty Truck OEM Factory LED Headlight Upgrade Kit)**

Before you begin, make sure to checkout our install video. We spend a good amount of time getting these videos just right so that they will be a helpful guide.

**Part lists**

- OEM LED Headlight (Passenger)
- OEM LED Headlight (Driver)
- Custom Headlight Wiring Harness

**Tools required for installation, socket sizes & whatnot.**

- Light Source
- Pry Tool
- Flathead Screwdriver
- 10mm Wrench/Socket

**Skill Level:** 3

**Time Investment:** 2-3 hours

**Step 1:** To start we need to disconnect the battery's negative terminal to prevent any shorts or popped fuses during installation.

**Step 2:** With the hood open, start popping the fourteen plastic clips up. Use a pry tool or order yourself a Xmas tree clip remover.

**Step 3:** You'll now be able to remove the engine bay shroud.

**Step 4:** There are six 10mm screws to remove from the upper grill.

**Step 5:** Next remove two Xmas clips from above each factory headlight.

**Step 6:** You can now remove the upper grill trim and place it off to the side.

**Step 7:** Below each headlight there is a trim piece that needs to be removed, it is only held in with four retainer clips. Using your pry tool, carefully pop this trim off.

**Step 8:** You'll now see two 10mm screws to remove.

**Step 9:** From below the vehicle, you need to loosen four more 10mm screws to free the lower bumper trim.

**Step 10:** With the screws loosened you'll be able to slide the lower grill trim out.

**Step 11:** Next there are twelve 10mm screws around the perimeter of the grill. Remove all twelve.

**Step 12:** The grill need to be slightly lifted up to free it from the headlight bracket.

**Step 13:** You can now lift and remove the grill from the front of the vehicle. Place it off to the side.

**Step 14:** Behind the fender liner there is one 10mm screw and one Xmas clip. Once removed the headlight should be free to slide out.

**Step 15:** Lean the headlight forward, pull the red locking tab on the headlight connector back to unlock the connection. After that remove the connector then disconnect. Place headlight off to the side.

**Step 16:** Next we need to wire up the ground and power connections to the fuse box. Open the engine bay fuse box, mount the grounding ring to the ground bolt then replace fuse F43 with our fuse holder.

**Step 17:** Route the harness down to the driver side's headlight cavity.

**Step 18:** Next route the longer side of the harness behind these pipes to the front of the radiator. The shorter side stays in the driver's headlight cavity.

**Step 19:** Route the harness going toward the passenger side, zip tie along the way to the factory wiring loom.

**Step 20:** Feed the harness through this hole going into the passenger side headlight cavity.

**Step 21:** Zip tie the new headlight ballast to the frame of the vehicle. Do the same for driver and passenger side.

**Step 22:** Next take the smaller connector we just ran and plug it into the smaller of the two connections connected to the ballist. Do the same for driver and passenger side.

**Step 23:** Take the large connector and plug it into the factory headlight connection. Zip tie the excess wiring out of the way. Do the same for driver and passenger side.

**Step 24:** Take the new LED headlight and plug it into the last of the connectors from the ballist. Do the same for driver and passenger side.

**Step 25:** Secure headlight in place with the one 10mm screw and the Xmas clip. Do the same for driver and passenger side.

**Step 26:** Reinstall the 10mm screw and Xmas clip from behind the fender lining. Do the same for driver and passenger side.

**Step 27:** Reinstall the grill, make sure to lift it enight to clear the headlight tab.

**Step 28:** Reinstall the twelve 10mm screws around the grill to secure it in place.

**Step 29:** Slide the lower grill trim back into place and secure with the same two 10mm screws and the four 10mm screws from below.

**Step 30:** Snap the lower headlight trim back into place. You'll hear the retainer clips snap into place.

**Step 31:** Reinstall the upper grill trim then secure in place with the same six 10mm and Xmas clips.

**Step 32:** Reinstall the last plastic cover then secure in place with the fourteen plastic Xmas clips.

**Step 33:** Finally reconnect the negative terminal back to the battery.

**Step 34:** Enjoy your purchase and again thank you for choosing Infotainment.com for your upgrades.

## Return Policy/Warranty Terms

### **Infotainment.com 30-Day Return Policy:**

Infotainment.com offers hassle free returns within 30 days from the date-of-delivery for a full refund unless otherwise stated on the product advertisement (such as a custom or special order item). The customer may choose to cancel their order prior to shipping or fulfillment without penalty. If the customer's order or package sustained physical damage it must be reported to Infotainment.com within 7 days of arrival. A 15% restock fee will apply to all returns unless the returned item(s) have been deemed defective by Infotainment.com after full inspection, in this case a restocking fee will not be assessed.

To initiate a return, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 30 days from the date-of-delivery. The representative will issue a Return Merchandise Authorization (RMA) number, which is required to process your return. A copy of a completed RMA form must be included with the return shipment to expedite the process. The return must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.

Customers are responsible for all return shipping charges unless they receive the wrong product or a defective item. It is recommended that the customer utilizes signature confirmation and/or insurance when shipping an item to Infotainment.com.

Infotainment.com will not be responsible for lost or damaged packages. Only the signature of an Infotainment.com employee will suffice as proof of delivery. A pre-paid return shipping label may be requested by the customer (located within the continental U.S) at the cost of \$15.00 to be deducted from the total refund amount. Customers located outside the United States will be responsible for all incurred shipping charges and customs duty/tax fees to or from Infotainment.com.

Returns will be processed within ten (10) business days of receipt (not including weekends, holidays, and the day the package is delivered). Refunds will be issued back to the original form of payment. If the original form of payment is no longer valid the refund will be issued as store credit. Infotainment.com reserves the right to reject or impose additional charges for replacement of a return if there is damage, missing

components, excessive use/wear, a different serial number from when originally shipped, etc. If the customer's return has not been processed within 3 weeks of arrival the customer is advised to contact the customer service department for an update. This return policy is null & void if product(s) have been tampered with or modified. Infotainment.com is not responsible for professional fees related to installation, removal or re-installation of any product. Infotainment.com reserves the right to change or amend the return policy and procedures at any time without notification.

**Infotainment.com Retail 90-Day Warranty Policy:**

Infotainment.com offers hassle free technical support and warranty claims on all products within 90 days from the date-of-delivery. Physical damage to an item received must be reported within 7 days of arrival.

To initiate a warranty claim, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 90 days from the date-of-delivery. The representative will assist the customer with technical support and step-by-step troubleshooting procedures to resolve any issue or concern. If it is determined that the product(s) must be sent back for repair or exchange the representative will issue a Return Merchandise Authorization (RMA) number, which is required to process the warranty claim. A copy of a completed RMA form must be included with the return shipment to expedite the process. The item(s) must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.

A pre-paid return shipping label will be issued by the customer service representative for customers located within the continental U.S. only. Customers located outside the U.S. will be responsible for all incurred shipping charges and customs duty/tax fees to or from Infotainment.com. Customers are fully responsible to ensure the item(s) are packaged securely to prevent damage in shipping transit. Infotainment.com will not be responsible for damaged item(s) due to poor packaging.

Warranty claims will be processed within five (5) business days of receipt (not including weekends, holidays, and the day the package is delivered). An Infotainment.com technician reserves the right to determine whether the troubled product requires a simple repair or a full replacement. Once the issue is resolved, a tracking number will be immediately provided to the customer when the repaired or replacement item is shipped

therefore ending the warranty claim. Infotainment.com reserves the right to reject or impose additional charges for warranty claims if there is damage, missing components, excessive use/wear, a different serial number from when originally shipped, etc. Infotainment.com will allow up to two (2) claims per order before it is determined the item(s) will not work in the customer's vehicle. If the customer's warranty claim has not been processed within 3 weeks of arrival the customer is advised to contact the customer service department for an update.

This warranty policy is null & void if product(s) have been tampered with or modified. Infotainment.com is not responsible for professional fees related to installation, removal or re-installation of any product. Infotainment.com reserves the right to change or amend the warranty policy and procedures at any time without notification.

**Infotainment.com Extended 1-Year Warranty Policy:**

Infotainment.com offers hassle free technical support and warranty claims on all products within 1 year from the date-of-delivery to retail customers who opt for the extended warranty coverage upon checkout. This policy also applies to all registered Infotainment.com wholesale accounts. Furthermore, franchise automobile dealers are granted additional coverage for their customers to match the vehicle's 3 year / 36,000 mile bumper-to-bumper manufacturer's warranty.

To initiate a warranty claim, the customer is required to contact the customer service department by phone, live chat, or via the online ticket system at anytime within 1 year from the date-of-delivery. The representative will assist the customer with technical support and step-by-step troubleshooting procedures to resolve any issue or concern. If it is determined that the product(s) must be sent back for repair or exchange the representative will issue a Return Merchandise Authorization (RMA) number, which is required to process the warranty claim. A copy of a completed RMA form must be included with the return shipment to expedite the process. The item(s) must be shipped within 7 days of the RMA issuance. Infotainment.com reserves the right to refuse any package returned to them without authorization or process could be delayed over 30 days.

A pre-paid return shipping label will be issued by the customer service representative for customers located within the continental U.S. only. Customers located outside the U.S. will be responsible for all incurred shipping charges and customs duty/tax fees to or from Infotainment.com. Customers are fully responsible to ensure the item(s) are
